For Immediate Release: Friday, May 28, 2021

**Single Dose Johnson & Johnson
COVID-19 Vaccination Clinic**

The Cayuga County Health Department is holding a single dose Johnson & Johnson COVID-19 vaccination clinic on Wednesday, June 2, 2021 from 1:30pm-2:30pm at the Fingerlakes Mall located 1579, Clark St. Rd in Auburn.

This clinic is only accessible through the exterior entrance which is located on the backside of the mall between the movie theater entrance and the RV store. Access to the clinic from the inside of the mall will not be permitted.

Individuals 18 years and older are eligible to receive a vaccine at this clinic. Please bring photo ID which shows proof of your age and health insurance if you have it.

This is a great opportunity for college students fresh out of the spring semester who want to receive their vaccine before summer employment and back to school approaches. It is also a great opportunity for people who want the convenience of vaccination in one dose.

You must have an appointment to receive a vaccine at this clinic. To register for an appointment, visit the Cayuga County Health Department website (www.cayugacounty.us/health) and click on the COVID-19 Vaccine Clinics button.
