

To Village of Aurora,

Jim and I would like to express our support of the demolition of the McGordon house, which has been vacant for decades. Not only is it truly an eye sore as you come into our beautiful Village from the south, but it has significant exposure from a legal perspective. If someone were to seek shelter in the "condemned" structure or college students opted to wander into the house out of curiosity, and someone was injured it certainly could lead to an unwanted litigation claim against the College and Village of Aurora. Common sense should prevail that neither the College or the Village should be exposed to any negative publicity and/or potential litigation claims. We as a community should become united, step up, and do the right thing to mitigate the risks/exposures which exist if this house is not allowed to be demolished. For these reasons Jim and I would like to go on record as being in support of the proposed demolition project of the McGordon house.

Thank you,

Kim and Jim Kirkwood
