As you consider a new Short Term Rental Law, I am offering my feedback as a longtime Aurora lover and visitor.

I highly value being able to rent lodging from Aurora MainStays. My large extended family gathers in Aurora to celebrate events and experience the beauty of your village. My sister, Lisa Ryerson, was the Wells College President for many years, and our family considers Aurora to be our "family seat." This past summer, my family rented 3 homes from Aurora MainStays and we all had wonderful experiences.

Aurora MainStays rentals are very well maintained. Jacqui Farlow attends to every detail and ensures that our stay is trouble-free. My family can affordably visit Aurora if we use Aurora MainStays. The cost of multiple rooms at the Aurora Inn is cost prohibitive, and is not as conducive to the family reunion experience.

We love spending time in Aurora, and hope that any change to your Short Term Rental Laws will not make it harder to rent vacation homes going forward.

Thank you,
