As homeowners, who have children that have no desire or job flexibility to move to Aurora when John and I die, we would like the children to have the ability to still enjoy our home by taking turns vacationing and renting the house the rest of the summer season to cover the large cost of maintaining a large home. I do not feel that it is right for us or anyone else in our position to be prevented from allowing ones children to enjoy their home. Grandfathering present STR's is obviously necessary, but that does not allow us the same privilege.
