

To the Village Board of Aurora, It has come to my attention that you are in the process of setting restrictive limits on property rentals in Aurora. This directly affects our friends, Jacci and Virgil Farlow. We have stayed in multiple properties of theirs often, our daughter and her family live close by. We have always had a clean, well stocked and comfortable facility in which to stay. They are extremely conscientious to detail and satisfaction of their clientele. My wife and I would choose to stay no where else than in one of their properties. Please reconsider your position and allow them to maintain their current status. Thank you for your consideration. Sincerely, James Neitz
