

Good Afternoon Ann,

My name is Amy Durant Solomon and I am an alum of Wells College. Class of 1979.

My twin sister, Durrie Durant Golding, also attended Wells and graduated with me.

We are a legacy. Our mother, Margaret Utter Durant, graduated in 1948.

Wells College and the village hold a very special place in my heart.

It has been my pleasure and joy to return to Aurora over the years to enjoy the village amenities and the access to Lake Cayuga.

Aurora Mainstays has been instrumental in my ability to do this in an inexpensive and efficient manner.

I always rent a home on the lake and have found them very clean, extremely comfortable and well stocked.

Safety is never an issue. We feel secure in the knowledge that the village is a safe place.

Jacci and Virgil are friendly, professional and quick to respond to questions. It's been a pleasure to do business

with them all these years.

When a group of my classmates have wanted a quiet, nostalgic getaway, we've rented side-by-side homes on the lake

and enjoyed barbecues and evenings of relaxing conversation and laughter. We are always respectful of the other

neighbors and do not throw loud, raucous parties! Frankly, we have never heard of anyone doing this in these rental homes.

While staying in the village, we frequent the market, the farmers market along the lake, have meals at the Fargo (for old times sake)

and enjoy brunch at The Aurora Inn before departure back home.

Please reconsider your Short Term Rental law. I strongly feel this law would limit the number of customers who would be on site to

support the local businesses and to enjoy this beautiful area.

With respect and gratitude for your attention to my email.

Sincerely,

Amy Durant Solomon
