

Code Officer's Report for June 2025

Last night I represented the Village in court in Ledyard where Judge Maassen decided one of the shipping containers at 46 Sherwood Rd. will be removed by September 15th or a fine of \$200 for each week will be imposed on Mr. Martin, the property owner. He did say that he would speak to Dan Green, the former Code Enforcement Officer before making his decision final. I did ask, but don't understand why he only addressed one of the containers.

I issued 5 building permits in June, a fence permit at 492 Main St, permits for interior renovations for 4 Lafayette St. and 9 Orchard Rd. and roof permits at 27 Wells Rd. and 448 Main St. A new sign was approved for the Constantia Wine Co. wine tasting room at 381 Main St. and the Inns of Aurora is interested in finding a party interested in removing the historic structure in the rear of Chimney Corners, 348 Main St.

Regards,

Bob Rhea

Code Enforcement Officer

Village of Aurora
