

COMMUNITY VISIONING WORKSHOPS

Cayuga Countywide Strategic Plan

Cayuga County is developing a Countywide Strategic Plan – **and we need your help!** We rely on community voices to guide our strategic plan. What you share helps us make sure the plan reflects real life in the county.

During the meeting you'll have the chance to:

- Hear an update on the plan's progress
- Explore interactive stations & maps
- Talk with our team members
- Take part in trivia and win prizes

All three meetings will be the same and cover the same information. Please come to whichever one works best for you!
