For Immediate Release: Wednesday, July 15, 2026

WATER CONSERVATION ORDER

The Cayuga County Health Department requests that all Village of Aurora residents served by the public water system conserve water until further notice.

The water distribution system has experienced a water main break on the Wells College Campus. As a result, the Village is only operating off of the Sherwood Road tank until the water main break is repaired.

At the time of this release, a few properties are without water service.

Village of Aurora residents will be notified once the conservation order has been lifted.

For more information, please contact: the Village of Aurora at 315-364-7293 or the Cayuga County Health Department at (315) 253-1560.
