CAYUGA COUNTY, NEW YORK

Economic Development Strategic Plan

Department of Planning and Economic Development

What does the county need, and where?

Jobs, business, buildings, services. And the places that already work.

Cayuga County: twenty-three towns and the City of Auburn

Scan the code

with your phone camera.

About a minute, and anonymous.

HOW IT WORKS

1. Open the map from the page, then tap where your comment belongs. A pin, a route or a whole area.
2. Pick what it is about: a site to develop, a building to reuse, a business we are missing, a place that works, infrastructure, or something to clean up.
3. Say it in a sentence or two. Your comment goes to the planning team, not onto the map, and we never ask your name.

Starting a business in Cayuga County?

The same page links a short survey for anyone starting or thinking of starting one.

Comments accepted through Wednesday 9 December 2026.

Or type the address: landuselearning.com/tools/cayuga

This work is part of the County's wider planning work, alongside the Housing Market Study and a countywide Brownfield study. Findings contribute to the new Countywide Strategic Plan.
